OFFICIAL ROLL OF SAN FRANCISCO.—Oscar T. Shuck, an attorney of this city, whose taste runs to literature and compilation, has prepared and published a book of 127 pages which is the result of many months of careful research among the archives of this city since the time that Captain John B. Montgomery took formal possession of San Francisco, or Yerba Buena, as it was then called, on the 8th of July, 1846. The "Official Roll" is a complete list of all the officials that have ever held office from that time to date in this county. It gives the names of the Alcaldes, the names of those who composed the two ayuntamientos, the names of the city officers prior to the consolidation of the city and county in 1856, and of all who have held office from that time to the present, together with the time each was in office. It is a valuable book of reference. [Issued from the press of Dempster Bros. Price \$1.]
